These details are calculated on all athletes who compete in three events and the achievements gained are compared to the best of the last 10 achievements for that event and the percentage to this is found, The three percentages are then totalled and averaged to give a total out of 100 (or a percentage) this is then averaged over the athletes three events

This table works from the athlete of the match grading table created for each match. To be on the AOM grading table athletes need to complete in three events not including a relay. Therefore a "0" on this charts does not mean the the athlete did not attend on that occasion but that they did not compete in the required number of events. This chart only shows a selection of athletes
